Partnering with Elachee is a Sound Investment

Elachee Nature Science Center is a regional environmental education center and recreation destination to connect with nature and learn.

Nestled in one of Georgia's largest protected green spaces, the 1,440-acre Chicopee Woods Nature Preserve and its 12.24-mile hiking trail system, Elachee provides a majestic backdrop for nature lovers of every age to experience and encounter diverse ecosystems.

Founded by a group of visionary environmental stewards in 1978, this privately owned not-for-profit has earned a sterling reputation and established a beloved legacy in North Georgia. Elachee promotes environmental understanding through education and conservation. This worthy mission aligns with the values many embrace; a commitment to ensuring quality of life in live, work and play communities.

With a single investment, Elachee offers an effective and beneficial way to leverage your marketing or community outreach budget. Become an Elachee annual sponsor, choosing the investment level most beneficial to you. Or select one or more seasonal sponsorships to support Elachee and/or to gain visibility for your business on an a la carte basis.

Elachee relies on sponsorships to offer quality nature programs and ecology events on campus and in the Nature Preserve. Sponsorships, in combination with Elachee's earned income, donations and grant awards are a vital part of the organization's multi-faceted fundraising strategy.
